## 1. INTRODUCTION

AREAS+ is an institution-based mobility and scholarship project organized by a Partnership of some of the most prestigious universities in Europe and in the project's target countries. It is developed within the frame of the Erasmus Mundus Action 2 (EMA2) program, a cooperation and mobility scheme funded by the European Commission with the goal of promoting the exchange of persons, knowledge and skills at the higher education level.

AREAS+ is one of nine projects selected by the European Commission in 2013 under call EACEA/38/12, Action 2, Strand 1, Lot 12, and is aimed to the following target countries: Cambodia, India, Indonesia, Laos, Malaysia, Myanmar, Mongolia, Sri Lanka, Thailand, The Philippines, Vietnam.

The project provides scholarships for students, researchers and staff from Europe and from the target countries in order to study or carry out research, training or teaching at one of the partner universities. Individuals can participate in the scholarship program on a wide variety of academic fields at different levels of study (Undergraduate, Master, Doctorate, Post-doctorate, Academic and Administrative Staff) offered by the partner Universities.

The scholarships will contribute to cover the expenses of the individual mobility, including travel costs, subsistence, insurance and participation costs.

Scholarships will be awarded to applicants selected by the Partnership. Candidates interested in a mobility and the related scholarship must apply through the project's online application system during the application period following the regulations described in this document.

This Call for Applications concerns a Second Cohort of mobilities that will be starting on the following dates:

- Staff mobilities can start at any time during the years 2014-2017 and must end before July 14, 2017;
- All other mobilities must start no later than December 31, 2015.

Additional mobilities will be selected in further Calls for Applications.

The following documents mentioned in this Call are available for download on the project web site:

- Target Group and Mobility Level Selection Guide

## 5. SELECTION

### 5.1. Selection procedure

The Partnership will evaluate the applications received and will select the project beneficiaries with transparent and fair criteria, in compliance with the Erasmus Mundus “Minimum Requirements for the Selection Procedure”.

The selection will be done on the basis of merit and taking into account the Erasmus Mundus cross-cutting issues (gender balance and disadvantaged conditions) as well as an even distribution of mobilities among the Partners, in order to activate and foster cooperation channels among all Partners.

Eligible applications will be evaluated and graded on the basis of the following evaluation criteria:

Main evaluation criteria:

- Academic quality and relevance, verified through transcripts of records, university degrees, Work Plan Proposal, letters of recommendation and CV
- Language skills in relation to the requirements of the chosen course/program
- Motivation

Cross-cutting evaluation criteria:

- Gender balance
- Disadvantaged conditions such as disabilities and economical disadvantage

### 5.2. Notification and award of scholarships

All applicants will be notified by email of the selection outcomes within three months of the Call for Application closing, whether they have been selected, they are on the reserve list or they are not selected.

Only written notifications sent by the Partnership Coordinator are official. Any other communication by other parties, including project Partners, will not be considered valid.

At the same time, the Partnership will publish the lists of selected, reserve and not-selected candidates on the project web site and will submit them to the Education Audiovisual and Culture Executive Agency (EACEA) of the European Commission.

Selected applicants will be required to reply for acceptance or rejection of the scholarship within 7 calendar days. Applicants accepting the scholarship must sign the Scholarship Contract (sample available for download from the project web site).

Selected applicants having accepted the scholarship by signing the Scholarship Contract will be awarded the scholarship and will become grant holders.

Applicants in the reserve list may later be selected in case of withdrawal of previously selected applicants. In this case the applicant will be notified and will be required to accept the scholarship as above. Selection of reserves is an ongoing activity and lasts during the current cohort's starting year until the latest date for mobility start.

### 5.3. Appeals

In accordance with the Erasmus Mundus “Minimum Requirements for the Selection Procedure”, the Partnership is responsible for managing appeals that candidates may put forward in relation to the results of their application.

Non selected candidates may appeal through their personal page in the online application database within 7 (seven) days from the notification. Appeals must be clearly documented with well justified reasons. Appeals submitted by third parties will not be considered.

The Partnership Coordinator will reply to the appeals within 40 (forty) days of the appeal.

#### **5.4. Start of the mobility**

After accepting the scholarship, grant holders will receive detailed information on the procedures to follow to start the mobility and at the same time the Partner institutions will initiate the corresponding procedures.

Grant holders will be admitted to the host university following the registration procedure as defined by the host university. Partner Universities may not request selected candidates to undergo any further selection.

Grant holders are required to comply with the local admission requirements at the host University and to follow the standard individual registration procedure at the host institution.

Before starting the mobility, grant holders for exchange mobilities at the Undergraduate and Master levels will have to draft an ECTS Learning Agreement (template to be downloaded from the project web site), to be signed by both the host and home institutions before the start of the mobility.
